The following is an Examiner's Statement of Reasons for Allowance: Applicant's Remarks of 3/12/2007 have been found convincing. It is the opinion of the Examiner that although the ESD protection Prior Art teaches the varying of widths/dimensions of components or portions of components in their construction for achieving different performances, the specifically claimed combinations found within the Instant Independent Claims 1, 11 and 20, are not disclosed by the Prior Art of Record. There also does not appear to be strong motivation for modifying the disclosure of Metz et al. (5,400,202) so as to meet the claim language, with the exception of hindsight. Therefore, the instant claims are considered to be novel and unobvious in view of the Prior Art of Record.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ronald W. Leja whose telephone number is (571)272-2053. The examiner can normally be reached on Monday thru Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Brian Sircus can be reached on (571)272-2800. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
